Subject index*

A

Abductor digiti minimi muscle
Coverage of a carpal tunnel wound dehiscence with the abductor digiti minimi muscle flap (Leslie and Ruby). 1988;13A:36-9

Abnormalities; *see* **Hand deformities, acquired; Hand deformities, congenital**

Accidents, occupational
Arthrodesis of the proximal interphalangeal joint by solid bone grafting and plate fixation in extensive injuries to the dorsal aspect of the finger (Büchler and Aiken). 1988;13A:589-94
Flashbacks after traumatic hand injuries: prognostic indicators (Grunert et al). 1988;13A:125-7
Mutilating corn-picker injuries of the hand (Gorsche and Wood). 1988;13A:423-8

Acquired immunodeficiency syndrome
Hand infections in patients with acquired immunodeficiency syndrome (Glickel). 1988;13A:770-5

Adductor pollicis brevis
Compression of the deep branch of the ulnar nerve at the adductor hiatus producing pain without muscle atrophy (Milek and Thompson). 1988;13A:283-6

Adhesives
Fibrin seal adhesive versus nonabsorbable microsuture in peripheral nerve repair (Moy et al). 1988;13A:273-8

American Samoa; *see* **Western Samoa**

American Society for Surgery of the Hand
Items—American Society for Surgery of the Hand. 1988;13A:154-60, 316-21, 464-9, 627-32, 793-8, 965-70
Proceedings of the American Society for Surgery of the Hand. 1988;13A;299-311

Amniotic fluid, abnormalities
Infarction of the upper limbs associated with oligohydramnios and intrauterine compression (Johnson et al). 1988;13A:408-10

Amputation, congenital
Infarction of the upper limbs associated with oligohydramnios and intrauterine compression (Johnson et al). 1988;13A:408-10

Amputation, traumatic; *see also* **Injuries**
Mutilating corn-picker injuries of the hand (Gorsche and Wood). 1988;13A:423-8

Amputation stumps
Immediate amputation stump coverage with forearm free flaps from the same limb (Rees and de Geus). 1988;13A:287-92

Anastomosis, surgical
A comparison of irrigation solutions for microanastomoses (Reichel et al). 1988;13A:33-6

Anatomy
An anatomic guide for arthroscopic visualization of the wrist capsular ligaments (North and Thomas). 1988;13A:823-9
Anatomy of the finger flexor tendon sheath and pulley system (Doyle). 1988;13A:473-84
Arthrographic surface anatomy of the carpal triangular fibrocartilage complex (Hardy et al). 1988;13A:815-22
The brachioradialis: anatomy, properties, and value for tendon transfer in the tetraplegic (Freehafer et al). 1988;13A:99-104
Developmental anatomy of the palmar aponeurosis and its relationship to the palmaris longus tendon (Caughell et al). 1988;13A:485-93
A surface ultrastructure study of ganglia and digital mucous cysts (Loder et al). 1988;13A:758-62

Anconeus epitrochlearis muscle
Ulnar compression neuropathy secondary to the anconeus epitrochlearis muscle (Masear et al). 1988;13A:720-4

Anemia, sickle cell
Progressive subluxation of the wrist in sickle-cell disease (Sadat-Ali et al). 1988;13A:571-3

Aneurysm
Aneurysmal bone cyst: clinicopathologic features and treatment of ten cases involving the hand (Frassica et al). 1988;13A:676-83

Angiography
Arterial patterns in the hand based on a three-dimensional analysis of 220 cadaver hands (Ikeda et al). 1988;13A:501-9
Great toe-to-hand transfer: role of the preoperative lateral arteriogram of foot (Greenberg and May). 1988;13A:411-4

Animals, laboratory
Biomechanical studies of running suture for flexor tendon repair in dogs (Lin et al). 1988;13A:553-8
The effect of intraoperative ischemia on the recovery of contractile function after free muscle transfer (Kuzon et al). 1988;13A:263-73
Evaluation of microsurgical internal neurolysis in a primate median nerve model of chronic nerve compression (Mackinnon and Dellon). 1988;13A:345-51
Experimental comparison of vascularized and nonvascularized nerve grafting (Shibata et al). 1988;13A:358-65
Fibrin seal adhesive versus nonabsorbable microsuture in peripheral nerve repair (Moy et al). 1988;13A:273-8
Growth of autografted tendons: an experimental study in vivo (Nishijima et al). 1988;13A:234-7
High-voltage electrical injury: acute pathophysiology (Daniel et al). 1988;13A:44-9
Immediate and delayed neurorrhaphy in a rabbit model: a functional, histologic, and biochemical comparison (Bolesta et al). 1988;13A:352-7
Maximum hypothermic ischemia in replants containing muscular tissue (van Alphen et al). 1988;13A:415-22
Treatment of experimental frostbite with urokinase (Zdeblick et al). 1988;13A:948-53
Ultrasonic wound debridement (Nichter and Williams). 1988;13A:142-6

Antibiotics; *see also* **Drug therapy**
Efficacy of perioperative cefamandole with postoperative cephalexin in the primary outpatient treatment of open wounds of the hand (Peacock et al). 1988;13A:960-4
Eikenella corrodens in human mouth flora (Rayan et al). 1988;13A:953-6

Aponeurotic fibroma
Intratendinous aponeurotic fibroma (Moskovich and Posner). 1988;13A:563-6

Arteries
Arterial patterns in the hand based on a three-dimensional analysis of 220 cadaver hands (Ikeda et al). 1988;13A:501-9

*January-February, pp. 1-162; March-April, pp. 163-324; May-June, pp. 325-472; July-August, pp. 473-634; September-October, pp. 635-800; November-December, pp. 801-998.

Arteries—cont'd
Persistent median artery as a cause of pronator syndrome (Jones and Ming). 1988;13A:728-32
Arteriography; *see* **Angiography**
Arthritis
Fusion of the thumb metacarpophalangeal joint to treat posttraumatic arthritis (Hagan and Hastings). 1988;13A:750-3
Psoriatic arthritis mutilans: digital distraction lengthening—pathophysiologic and current therapeutic review (Walton et al). 1988;13A:510-5
Arthritis, rheumatoid
Flexor tendon ruptures in patients with rheumatoid arthritis (Ertel et al). 1988;13A:860-6
Long-term results after tenosynovectomy to treat the rheumatoid hand (Brown and Brown). 1988;13A:704-8
Arthrodesis
Arthrodesis of digital joints in children (Kowalski and Manske). 1988;13A:874-9
Arthrodesis of small joint of the hand: a rapid and effective technique (McGlynn et al). 1988;13A:595-9
Arthrodesis of the proximal interphalangeal joint by solid bone grafting and plate fixation in extensive injuries to the dorsal aspect of the finger (Büchler and Aiken). 1988;13A:589-94
An in vitro analysis of wrist motion: the effect of limited intercarpal arthrodesis and the contributions of the radiocarpal and midcarpal joints (Gellman et al). 1988;13A:378-83
Intercarpal arthrodesis for static and dynamic volar intercalated segment instability (Trumble et al). 1988;13A:384-90
Proximal interphalangeal joint arthrodesis with the Herbert screw (Ayres et al). 1988;13A:600-3
Triscaphoid arthrodesis and its complications (Frykman et al). 1988;13A:844-8
Ulnocarpal abutment after wrist arthrodesis (Trumble et al). 1988;13A:11-5
Arthrography
Arthrographic surface anatomy of the carpal triangular fibrocartilage complex (Hardy et al). 1988;13A:815-22
The triple-injection wrist arthrogram (Zinberg et al). 1988;13A:803-9
Arthroplasty
Thumb metacarpophalangeal capsulodesis: an adjunct procedure to basal joint arthroplasty for collapse deformity of the first ray (Eaton and Floyd). 1988;13A:449-53
Arthroscopy
An anatomic guide for arthroscopic visualization of the wrist capsular ligaments (North and Thomas). 1988;13A:823-9
Autonomous healing
Autonomous healing of chicken flexor tendons in vitro (Garner et al). 1988;13A:697-700
Axilla
Axillary lymphadenopathy 17 years after digital silicone implants: study with x-ray microanalysis (Paplanus and Payne). 1988;13A:399-400

B

Bacterial infections
Eikenella corrodens in human mouth flora (Rayan et al). 1988;13A:953-6
A protocol for the treatment of severe infections of the hand (Spiegel and Szabo). 1988;13A:254-9
Tuberculous synovitis with "rice bodies" presenting as carpal tunnel syndrome (Suso et al). 1988;13A:574-6
Biochemistry
Immediate and delayed neurorrhaphy in a rabbit model: a functional, histologic, and biochemical comparison (Bolesta et al). 1988;13A:352-7
Biomechanics
Avulsion of the flexor digitorum profundus: anatomic and biomechanical considerations (Bynum and Gilbert). 1988;13A:222-7
Biomechanical and clinical evaluation of the expandable intramedullary fixation device (Nordyke et al). 1988;13A:128-34
Biomechanical studies of running suture for flexor tendon repair in dogs (Lin et al). 1988;13A:553-8
Comparative mechanical properties of various Kirschner wire configurations in transfer and oblique phalangeal fractures (Viegas et al). 1988;13A:246-53
Partial excision of the triangular fibrocartilage complex (Palmer et al). 1988;13A:391-4
Bites, human
Eikenella corrodens in human mouth flora (Rayan et al). 1988;13A:953-6
Toxic shock syndrome after a human bite to the hand (Long et al). 1988;13A:957-9
Blood vessels
Arterial patterns in the hand based on a three-dimensional analysis of 220 cadaver hands (Ikeda et al). 1988;13A:501-9
Experimental comparison of vascularized and nonvascularized nerve grafting (Shibata et al). 1988;13A:358-65
Internal vascularity of the scaphoid in cadavers after insertion of the Herbert screw (Botte et al). 1988;13A:216-20
Bone cysts
Aneurysmal bone cyst: clinicopathologic features and treatment of ten cases involving the hand (Frassica et al). 1988;13A:676-83
Bone lengthening
Experience with Ikuta's phalangeal compression-distraction-fixation device (Kanaujia et al). 1988;13A:515-21
Psoriatic arthritis mutilans: digital distraction lengthening—pathophysiologic and current therapeutic review (Walton et al). 1988;13A:510-5
Bone plates
Arthrodesis of the proximal interphalangeal joint by solid bone grafting and plate fixation in extensive injuries to the dorsal aspect of the finger (Büchler and Aiken). 1988;13A:589-94
Distal avulsion of the palmar plate of the interphalangeal joint of the thumb (Lineaweaver and Mathes). 1988;13A:453-5
Bone screws
Displaced intra-articular coronal fracture of the body of the hamate treated with a Herbert screw (Roth and de Lorenzi). 1988;13A:619-21
Internal fixation of an unstable open fracture of a distal phalanx with a Herbert screw (Richards et al). 1988;13A:428-32
Internal vascularity of the scaphoid in cadavers after insertion of the Herbert screw (Botte et al). 1988;13A:216-20
Proximal interphalangeal joint arthrodesis with the Herbert screw (Ayres et al). 1988;13A:600-3
Scaphoid nonunion: role of anterior interpositional bone grafts (Cooney et al). 1988;13A:635-50
Technical factors related to Herbert screw fixation (Adams et al). 1988;13A:893-9
Bone wires
Arthrodesis of small joint of the hand: a rapid and effective technique (McGlynn et al). 1988;13A:595-9
Comparative mechanical properties of various Kirschner wire configurations in transfer and oblique phalangeal fractures (Viegas et al). 1988;13A:246-53

Book reviews
Book reviews. 1988;13A:152-3, 314-5, 463, 788-9
Brachioradialis muscle
The brachioradialis: anatomy, properties, and value for tendon transfer in the tetraplegic (Freehafer et al). 1988;13A:99-104
Brachioradialis to finger extensor tendon transfer to achieve hand opening in acquired spasticity (Pinzur et al). 1988;13A:549-52
Brachyhyperphalangism
Different manifestations of hyperphalangism (Wood). 1988;13A:883-7
Brain injuries
Late ulnar neuropathy in the brain-injured adult (Keenan et al). 1988;13A:120-4
Burns
Accidental hand burns caused by operating room lights (Rao and Dibbell). 1988;13A:50-2
High-voltage electrical injury: acute pathophysiology (Daniel et al). 1988;13A:44-9
Hydrofluoric acid burns of the hand: mechanism of injury and treatment (Anderson and Anderson). 1988;13A:52-7

C

Calcium phosphates
Deposition of calcium pyrophosphate dihydrate crystals in the hand (Ishikawa et al). 1988;13A:943-8
Canadian Society for Surgery of the Hand
Canadian Society for Surgery of the Hand. 1988;13A:150-1
Capsulodesis
Thumb metacarpophalangeal capsulodesis: an adjunct procedure to basal joint arthroplasty for collapse deformity of the first ray (Eaton and Floyd). 1988;13A:449-53
Carcinoma, squamous cell
Squamous cell carcinoma of the hand: fifty-five case reports (Schiavon et al). 1988;13A:401-4
Carpal bodies, injuries
Fracture of the dorsoulnar tubercle of the trapezium (Griffin et al). 1988;13A:622-6
Carpal bones
Carpal alignment after different surgical approaches to the scaphoid: a comparative study (Garcia-Elias et al). 1988;13A:604-12
The carpal bones in congenital hand anomalies: a radiographic study in patients older than ten years (Imamura and Miura). 1988;13A:650-6
Relative motion of selected carpal bones: a kinematic analysis of the normal wrist (Ruby et al). 1988;13A:1-10
Ulnocarpal abutment after wrist arthrodesis (Trumble et al). 1988;13A:11-5
Carpal tunnel, injuries
Coverage of a carpal tunnel wound dehiscence with the abductor digiti minimi muscle flap (Leslie and Ruby). 1988;13A:36-9
Carpal tunnel syndrome
Carpal tunnel syndrome as the initial manifestation of scleroderma (Barr and Blair). 1988;13A:366-8
Carpal tunnel syndrome associated with extra tunnel vascular compression of the median nerve motor branch (Widder and Shons). 1988;13A:926-7
Entrapment neuropathy of the palmar cutaneous branch of the median nerve by the fascia of flexor digitorum superficialis (Shimizu et al). 1988;13A:581-3
Epidemiologic study of the mallet finger deformity (Jones and Peterson). 1988;13A:334-8
Ganglion cysts and carpal tunnel syndrome (Kerrigan et al). 1988;13A:763-5
Multiple nerve dysfunction after carpal tunnel release (Crandall and Weeks). 1988;13A:584-9
Tuberculous synovitis with "rice bodies" presenting as carpal tunnel syndrome (Suso et al). 1988;13A:574-6
Cartilage, epiphyseal; *see* **Growth plate**
CAT scan, x-ray
Evaluation of the humpback scaphoid by computed tomography in the longitudinal axial plane of the scaphoid (Sanders). 1988;13A:182-7
Trispiral tomography for the evaluation of wrist problems (Posner and Greenspan). 1988;13A:175-81
Cefamandole
Efficacy of perioperative cefamandole with postoperative cephalexin in the primary outpatient treatment of open wounds of the hand (Peacock et al). 1988;13A:960-4
Cephalexin
Efficacy of perioperative cefamandole with postoperative cephalexin in the primary outpatient treatment of open wounds of the hand (Peacock et al). 1988;13A:960-4
Cephalosporins
Eikenella corrodens in human mouth flora (Rayan et al). 1988;13A:953-6
Cerebral palsy
Comparison of pronator tenotomy and pronator rerouting in children with spastic cerebral palsy (Strecker et al). 1988;13A:540-3
Transfer of the flexor carpi ulnaris to the radial wrist extensors in cerebral palsy (Wenner and Johnson). 1988;13A:231-3
Wrist fusion in cerebral palsy (Hoffer and Zeitzew). 1988;13A:667-70
Child; *see* **Pediatrics**
Cigarette smoking; *see* **Smoking**
Cleft hand
Cleft hand involving only the ring and small fingers (Miura). 1988;13A:530-5
Collagen
Autonomous healing of chicken flexor tendons in vitro (Garner et al). 1988;13A:697-700
Colles' fracture
Trapezoidal osteotomy of the distal radius for unacceptable articular angulation after Colles' fracture (Watson and Castle). 1988;13A:837-43
Compartment syndromes
Anomalous muscles of the first dorsal compartment of the wrist (Patel and Desai). 1988;13A:829-31
Chronic exertional compartment syndrome of the forearm flexor muscles (Pedowitz and Toutounghi). 1988;13A:694-6
Congenital defects; *see* **Hand deformities, congenital**
Contrast media
Extravasations of radiographic contrast material in the upper extremity (Loth and Jones). 1988;13A:395-8
Coronoid process
Fracture of the coronoid process of the ulna requiring reduction in extension (Tanzman and Kaufman). 1988;13A:741-2
Correction
Therapeutic and functional results of limb salvage to treat sarcomas of the forearm and hand (Wexler et al) (1988;13A:292-6). 1988;13A:792
Crush injury; *see also* **Injuries**
Interpositional vein grafts to restore the superficial palmar arch in severe devascularizing injuries of the hand (Greenberg et al). 1988;13A:753-7

Cysts
Ganglion cysts and carpal tunnel syndrome (Kerrigan et al). 1988;13A:763-5
A surface ultrastructure study of ganglia and digital mucous cysts (Loder et al). 1988;13A:758-62

D

Debridement
Ultrasonic wound debridement (Nichter and Williams). 1988;13A:142-6
Deformity; *see* **Hand deformities, acquired; Hand deformities, congenital**
Delta phalanx; *see* **Phalanx**
Department of technique
Department of technique. 1988;13A:147-9, 297-8
Dermatoses
A case study of pyoderma gangrenosum (Young et al). 1988;13A:259-62
Desmin
Histogenesis of Dupuytren's disease: an immunohistochemical study of 30 cases (Shum and McFarlane). 1988;13A:61-7
Diabetes mellitus
Diabetic hand syndrome (Ceruso et al). 1988;13A:765-70
Dislocations
Attritional flexor tendon ruptures by an old lunate dislocation (Johnston and Bowen). 1988;13A:701-3
Irreducible trans-scaphoid perilunate dislocation (Jasmine et al). 1988;13A:212-5
Palmar lunate dislocation with a dorsal scaphoid fracture variant (Viegas and Hoffmann). 1988;13A:440-3
Treatment of chronic perilunate dislocations (Siegert et al). 1988;13A:206-12
Distal phalanx; *see* **Phalanx**
Distal radius; *see* **Radius**
Dorsoulnar tubercle, injuries
Fracture of the dorsoulnar tubercle of the trapezium (Griffin et al). 1988;13A:622-6
Drug abuse; *see* **Substance abuse**
Drug therapy; *see also* **Antibiotics**
Therapeutic and functional results of limb salvage to treat sarcomas of the forearm and hand (Wexler et al). 1988;13A:292-6
Treatment of experimental frostbite with urokinase (Zdeblick et al). 1988;13A:948-53
Dupuytren's contracture
Cigarette smoking and Dupuytren's contracture of the hand (An et al). 1988;13A:872-4
Histogenesis of Dupuytren's disease: an immunohistochemical study of 30 cases (Shum and McFarlane). 1988;13A:61-7
Prostaglandins influence myofibroblast contractility in Dupuytren's disease (Badalamente et al). 1988;13A:867-71
Dysplasia epiphysealis hemimelica
Dysplasia epiphysealis hemimelica at the metacarpophalangeal joint (Maylack et al). 1988;13A:916-20

E

Editorial
Editorial. 1988;13A:801-2
Eikenella corrodens
Eikenella corrodens in human mouth flora (Rayan et al). 1988;13A:953-6
Elbow, transplantation
Massive allograft replacement of hemiarticular traumatic defects of the elbow (Breen et al). 1988;13A:900-7
Electric injuries
High-voltage electrical injury: acute pathophysiology (Daniel et al). 1988;13A:44-9
Electrodiagnosis
The paraplegic hand: electrodiagnostic studies and clinical findings (Tun and Upton). 1988;13A:716-9
Electron probe microanalysis
Axillary lymphadenopathy 17 years after digital silicone implants: study with x-ray microanalysis (Paplanus and Payne). 1988;13A:399-400
Emergencies
Emergency free flaps to the upper extremity (Lister and Scheker). 1988;13A:22-8
Enchondromas
Treatment of enchondromas of the hand with allograft bone (Bauer et al). 1988;13A:908-16
Entrapment neuropathy; *see* **Nerve compression syndromes**
Epidemiology
Epidemiologic study of the mallet finger deformity (Jones and Peterson). 1988;13A:334-8
Epiphyseal plate; *see* **Growth plate**
Equipment and supplies
Biomechanical and clinical evaluation of the expandable intramedullary fixation device (Nordyke et al). 1988;13A:128-34
Equipment safety
Accidental hand burns caused by operating room lights (Rao and Dibbell). 1988;13A:50-2
Errata; *see* **Correction**
Ethnic groups
Symphalangism in Hawaii: a study of three distinct ethnic pedigrees (Gaal et al). 1988;13A:783-7
Extensor carpi radialis
Transfer of the flexor carpi ulnaris to the radial wrist extensors in cerebral palsy (Wenner and Johnson). 1988;13A:231-3
Extensor carpi radialis brevis
Intraoperative assessment of wrist extensor muscle force (Mendelson et al). 1988;13A:832-6
Extensor carpi radialis intermedius
The extensor carpi radialis intermedius tendon (Wood). 1988;13A:242-5
Extensor pollicis longus
Delayed rupture of the extensor pollicis longus tendon after nonunion of a fracture of the dorsal radial tubercle (Stahl and Wolff). 1988;13A:338-41
The intercalated tendon graft for treatment of extensor pollicis longus tendon rupture (Magnell et al). 1988;13A:105-9
Extravasation of diagnostic and therapeutic materials
Extravasation of phenytoin in the hand (Hagan and Hastings). 1988;13A:942-3
Extravasations of radiographic contrast material in the upper extremity (Loth and Jones). 1988;13A:395-8

F

Fetal development
Developmental anatomy of the palmar aponeurosis and its relationship to the palmaris longus tendon (Caughell et al). 1988;13A:485-93
Infarction of the upper limbs associated with oligohydramnios and intrauterine compression (Johnson et al). 1988;13A:408-10
Fibrin
Fibrin seal adhesive versus nonabsorbable microsuture in peripheral nerve repair (Moy et al). 1988;13A:273-8

Fibrinolytic agents
Treatment of experimental frostbite with urokinase (Zdeblick et al). 1988;13A:948-53
Fibroblasts
Intratendinous aponeurotic fibroma (Moskovich and Posner). 1988;13A:563-6
Prostaglandins influence myofibroblast contractility in Dupuytren's disease (Badalamente et al). 1988;13A:867-71
Fibrocartilage complex
Arthrographic surface anatomy of the carpal triangular fibrocartilage complex (Hardy et al). 1988;13A:815-22
Partial excision of the triangular fibrocartilage complex (Palmer et al). 1988;13A:391-4
Fibroma
Intratendinous aponeurotic fibroma (Moskovich and Posner). 1988;13A:563-6
Fibula, transplantation
Nonvascularized fibular autograft to treat recurrent giant cell tumor of the distal radius (Van Demark and Van Demark). 1988;13A:671-5
Finger injuries
Arthrodesis of the proximal interphalangeal joint by solid bone grafting and plate fixation in extensive injuries to the dorsal aspect of the finger (Büchler and Aiken). 1988;13A:589-94
Complications and prognosis of treatment of mallet finger (Stern and Kastrup). 1988;13A:329-34
Emergency free flaps to the upper extremity (Lister and Scheker). 1988;13A:22-8
Epidemiologic study of the mallet finger deformity (Jones and Peterson). 1988;13A:334-8
Injury to collateral ligament of the metacarpophalangeal joint of a finger (Ishizuki). 1988;13A:444-8
The versatile axial pattern digital transposition flap (Fleegler and Weinzweig). 1988;13A:494-500
Finger joint
Arthrodesis of digital joints in children (Kowalski and Manske). 1988;13A:874-9
Fingers, anatomy
Anatomy of the finger flexor tendon sheath and pulley system (Doyle). 1988;13A:473-84
Fingers, abnormalities
Acquired rotational digital deformity in children as a result of finger sucking (Rankin et al). 1988;13A:535-9
Arthrodesis of digital joints in children (Kowalski and Manske). 1988;13A:874-9
Bowstringing as a complication of trigger finger release (Heithoff et al). 1988;13A:567-70
Cleft hand involving only the ring and small fingers (Miura). 1988;13A:530-5
Congenital synostosis between the fourth and fifth metacarpal bones (Miura). 1988;13A:83-8
Different manifestations of hyperphalangism (Wood). 1988;13A:883-7
Epidemiologic study of the mallet finger deformity (Jones and Peterson). 1988;13A:334-8
A family with complex bilateral polysyndactyly (Nicolai and Hamel). 1988;13A:405-7
Hyperostotic macrodactyly (Schuind et al). 1988;13A:544-8
Reconstruction and pathology in macrodactyly (Pho et al). 1988;13A:78-83
Small finger pollicization in the radial club hand (Wood). 1988;13A:96-9
Symptomatic restrictive thumb-index flexor tenosynovitis: incidence of musculotendinous anomalies and results of treatment (Lombardi et al). 1988;13A:325-8
Fingers, blood supply
New finger cuffs for use with digital tourniquets (McEwen et al). 1988;13A:888-92
Fingersucking
Acquired rotational digital deformity in children as a result of finger sucking (Rankin et al). 1988;13A:535-9
Fixation devices; *see* **Orthopedic fixation devices**
Flaps
Coverage of a carpal tunnel wound dehiscence with the abductor digiti minimi muscle flap (Leslie and Ruby). 1988;13A:36-9
Emergency free flaps to the upper extremity (Lister and Scheker). 1988;13A:22-8
The fascial radial flap (Reyes and Burkhalter). 1988;13A:432-7
Free vascularized nail grafts (Koshima et al). 1988;13A:29-32
Immediate amputation stump coverage with forearm free flaps from the same limb (Rees and de Geus). 1988;13A:287-92
The versatile axial pattern digital transposition flap (Fleegler and Weinzweig). 1988;13A:494-500
Web space reconstruction with a M-V flap (Lewis et al). 1988;13A:40-3
Flexor carpi ulnaris
Palmar wrist pain caused by ulnar nerve entrapment in the flexor carpi ulnaris tendon (Zook et al). 1988;13A:732-5
Transfer of the flexor carpi ulnaris to the radial wrist extensors in cerebral palsy (Wenner and Johnson). 1988;13A:231-3
Ulnar neuropathy at the wrist associated with aberrant flexor carpi ulnaris insertion (O'Hara and Stone). 1988;13A:370-2
Flexor digitorum profundus
Avulsion of the flexor digitorum profundus: anatomic and biomechanical considerations (Bynum and Gilbert). 1988;13A:222-7
Delayed repair of flexor profundus tendon in the palm (zone 3) with superficialis transfer (Schneider and Wehbe). 1988;13A:227-30
Flexor tendon rupture associated with an anomalous muscle (Lillmars and Bush). 1988;13A:115-9
Flexor digitorum superficialis
Entrapment neuropathy of the palmar cutaneous branch of the median nerve by the fascia of flexor digitorum superficialis (Shimizu et al). 1988;13A:581-3
Lipoma of the flexor digitorum superficialis causing triggering at the carpal canal and median nerve compression (Brand and Gelberman). 1988;13A:342-4
Flexor pollicis longus
Late flexor pollicis longus tendon rupture due to retained glass fragments (Jablon and Rabin). 1988;13A:713-6
Rupture of the flexor pollicis longus tendon associated with an ununited fracture of the scaphoid (Thomsen and Falstie-Jensen). 1988;13A:220-2
Flexor tendons; *see also specific tendon*
Active tendon implants in flexor tendon reconstruction (Hunter et al). 1988;13A:849-59
Staged flexor tendon reconstruction in the fingers and hand (Amadio et al). 1988;13A:559-62
Flexor tendons, anatomy
Anatomy of the finger flexor tendon sheath and pulley system (Doyle). 1988;13A:473-84
Flexor tendons, pathology
Flexor tendon rupture associated with an anomalous muscle (Lillmars and Bush). 1988;13A:115-9

Foot, radiography
Great toe-to-hand transfer: role of the preoperative lateral arteriogram of foot (Greenberg and May). 1988;13A:411-4
Foreign bodies
Late flexor pollicis longus tendon rupture due to retained glass fragments (Jablon and Rabin). 1988;13A:713-6
Management of sea urchin spines in the hand (Newmeyer). 1988;13A:455-7
Fracture fixation, internal; *see also* **Fracture fixation, intramedullary**
Coronal dorsal hamate fractures (Loth and McMillan). 1988;13A:616-8
Displaced intra-articular coronal fracture of the body of the hamate treated with a Herbert screw (Roth and de Lorenzi). 1988;13A:619-21
Internal fixation of an unstable open fracture of a distal phalanx with a Herbert screw (Richards et al). 1988;13A:428-32
Limited open reduction of the lunate facet in comminuted intra-articular fractures of the distal radius (Axelrod et al). 1988;13A:372-7
Technical factors related to Herbert screw fixation (Adams et al). 1988;13A:893-9
Treatment of chronic perilunate dislocations (Siegert et al). 1988;13A:206-12
An unusual coronal fracture of the body of the hamate bone (Kimura et al). 1988;13A:743-5
Unusual fragment displacement in a distal radius fracture (Halbrecht and Stuchin). 1988;13A:746-9
Fracture fixation, intramedullary
Biomechanical and clinical evaluation of the expandable intramedullary fixation device (Nordyke et al). 1988;13A:128-34
Comparative mechanical properties of various Kirschner wire configurations in transfer and oblique phalangeal fractures (Viegas et al). 1988;13A:246-53
Fractures, closed
Coronal dorsal hamate fractures (Loth and McMillan). 1988;13A:616-8
Displaced intra-articular coronal fracture of the body of the hamate treated with a Herbert screw (Roth and de Lorenzi). 1988;13A:619-21
Fracture of the coronoid process of the ulna requiring reduction in extension (Tanzman and Kaufman). 1988;13A:741-2
Fracture of the dorsoulnar tubercle of the trapezium (Griffin et al). 1988;13A:622-6
Fracture of the hamate hook (Bishop and Beckenbaugh). 1988;13A:135-9
Irreducible trans-scaphoid perilunate dislocation (Jasmine et al). 1988;13A:212-5
Palmar lunate dislocation with a dorsal scaphoid fracture variant (Viegas and Hoffmann). 1988;13A:440-3
Trapezoidal osteotomy of the distal radius for unacceptable articular angulation after Colles' fracture (Watson and Castle). 1988;13A:837-43
An unusual coronal fracture of the body of the hamate bone (Kimura et al). 1988;13A:743-5
Unusual fragment displacement in a distal radius fracture (Halbrecht and Stuchin). 1988;13A:746-9
Fractures, open
Internal fixation of an unstable open fracture of a distal phalanx with a Herbert screw (Richards et al). 1988;13A:428-32
Fractures, radiography
Radiographic evaluation of the hook of the hamate: a new technique (Papilion et al). 1988;13A:437-9
Trispiral tomography for the evaluation of wrist problems (Posner and Greenspan). 1988;13A:175-81
Fractures, malunited
Carpal alignment after different surgical approaches to the scaphoid: a comparative study (Garcia-Elias et al). 1988;13A:604-12
Delayed rupture of the extensor pollicis longus tendon after nonunion of a fracture of the dorsal radial tubercle (Stahl and Wolff). 1988;13A:338-41
Excision of the hook of the hamate: a retrospective survey and review of the literature (Smith et al). 1988;13A:612-5
Massive allograft replacement of hemiarticular traumatic defects of the elbow (Breen et al). 1988;13A:900-7
Rupture of the flexor pollicis longus tendon associated with an ununited fracture of the scaphoid (Thomsen and Falstie-Jensen). 1988;13A:220-2
Scaphoid nonunion: role of anterior interpositional bone grafts (Cooney et al). 1988;13A:635-50
Technical factors related to Herbert screw fixation (Adams et al). 1988;13A:893-9
Trapezoidal osteotomy of the distal radius for unacceptable articular angulation after Colles' fracture (Watson and Castle). 1988;13A:837-43
Free flaps; *see* **Flaps**
Frostbite
Treatment of experimental frostbite with urokinase (Zdeblick et al). 1988;13A:948-53
Fusion
Fusion of the thumb metacarpophalangeal joint to treat posttraumatic arthritis (Hagan and Hastings). 1988;13A:750-3
Limited wrist fusions (Minami et al). 1988;13A:660-7
Wrist fusion in cerebral palsy (Hoffer and Zeitzew). 1988;13A:667-70

G

Ganglia
Ganglion cysts and carpal tunnel syndrome (Kerrigan et al). 1988;13A:763-5
Posterior interosseous nerve palsy caused by ganglions of the proximal radioulnar joint (McCollam et al). 1988;13A:725-8
A surface ultrastructure study of ganglia and digital mucous cysts (Loder et al). 1988;13A:758-62
Ulnar nerve compression at the wrist (Kuschner et al). 1988;13A:577-80
Genetics
A family with complex bilateral polysyndactyly (Nicolai and Hamel). 1988;13A:405-7
Symphalangism in Hawaii: a study of three distinct ethnic pedigrees (Gaal et al). 1988;13A:783-7
Genitourinary system; *see* **Urogenital system**
Giant cell tumors
Nonvascularized fibular autograft to treat recurrent giant cell tumor of the distal radius (Van Demark and Van Demark). 1988;13A:671-5
Glass
Late flexor pollicis longus tendon rupture due to retained glass fragments (Jablon and Rabin). 1988;13A:713-6
Growth plate
Acquired Madelung-like deformity in a gymnast (Vender and Watson). 1988;13A:19-21
Dysplasia epiphysealis hemimelica at the metacarpophalangeal joint (Maylack et al). 1988;13A:916-20
Gymnastics
Acquired Madelung-like deformity in a gymnast (Vender and Watson). 1988;13A:19-21

H

Hamartoma
Lipofibromatous hamartoma of nerve (Amadio et al). 1988;13A:67-75
Hamate bone
Coronal dorsal hamate fractures (Loth and McMillan). 1988;13A:616-8
Displaced intra-articular coronal fracture of the body of the hamate treated with a Herbert screw (Roth and de Lorenzi). 1988;13A:619-21
Excision of the hook of the hamate: a retrospective survey and review of the literature (Smith et al). 1988;13A:612-5
Fracture of the hamate hook (Bishop and Beckenbaugh). 1988;13A:135-9
Radiographic evaluation of the hook of the hamate: a new technique (Papilion et al). 1988;13A:437-9
An unusual coronal fracture of the body of the hamate bone (Kimura et al). 1988;13A:743-5
Hand deformities, acquired
Acquired Madelung-like deformity in a gymnast (Vender and Watson). 1988;13A:19-21
Acquired rotational digital deformity in children as a result of finger sucking (Rankin et al). 1988;13A:535-9
Anomalous muscles of the first dorsal compartment of the wrist (Patel and Desai). 1988;13A:829-31
Evaluation of the humpback scaphoid by computed tomography in the longitudinal axial plane of the scaphoid (Sanders). 1988;13A:182-7
Hand deformity and sensory loss due to Hansen's disease in American Samoa (Brunel et al). 1988;13A:279-83
Infarction of the upper limbs associated with oligohydramnios and intrauterine compression (Johnson et al). 1988;13A:408-10
Percutaneous phenol blocks of the pectoralis major muscle to treat spastic deformities (Botte and Keenan). 1988;13A:147-9 (Technique)
Symptomatic restrictive thumb-index flexor tenosynovitis: incidence of musculotendinous anomalies and results of treatment (Lombardi et al). 1988;13A:325-8
Thumb metacarpophalangeal capsulodesis: an adjunct procedure to basal joint arthroplasty for collapse deformity of the first ray (Eaton and Floyd). 1988;13A:449-53
Hand deformities, congenital
The carpal bones in congenital hand anomalies: a radiographic study in patients older than ten years (Imamura and Miura). 1988;13A:650-6
Cleft hand involving only the ring and small fingers (Miura). 1988;13A:530-5
Congenital absence of the fourth metacarpal bone (congenital dysplasia of the ring finger) (Miura). 1988;13A:93-6
Congenital pseudoarthrosis of the forearm (Sellers et al). 1988;13A:89-93
Congenital synostosis between the fourth and fifth metacarpal bones (Miura). 1988;13A:83-8
Different manifestations of hyperphalangism (Wood). 1988;13A:883-7
A family with complex bilateral polysyndactyly (Nicolai and Hamel). 1988;13A:405-7
Hyperostotic macrodactyly (Schuind et al). 1988;13A:544-8
Poland's syndrome: variable expression and associated anomalies (Wilson et al). 1988;13A:880-2
Reconstruction and pathology in macrodactyly (Pho et al). 1988;13A:78-83
Small finger pollicization in the radial club hand (Wood). 1988;13A:96-9
Symphalangism in Hawaii: a study of three distinct ethnic pedigrees (Gaal et al). 1988;13A:783-7
Hansen's disease; *see* **Leprosy**
Hawaii
Symphalangism in Hawaii: a study of three distinct ethnic pedigrees (Gaal et al). 1988;13A:783-7
Hemangiopericytoma
Hemangiopericytoma of the median nerve (Schiffman et al). 1988;13A:75-8
Herbert screw; *see* **Bone screws**
Histology
Immediate and delayed neurorrhaphy in a rabbit model: a functional, histologic, and biochemical comparison (Bolesta et al). 1988;13A:352-7
Hydrofluoric acid
Hydrofluoric acid burns of the hand: mechanism of injury and treatment (Anderson and Anderson). 1988;13A:52-7
Hyperlipidemia
Tendon xanthoma: a physical manifestation of hyperlipidemia (Doyle). 1988;13A:238-41
Hyperphalangism
Different manifestations of hyperphalangism (Wood). 1988;13A:883-7
Hypothermia, induced
Maximum hypothermic ischemia in replants containing muscular tissue (van Alphen et al). 1988;13A:415-22

I

Ikuta's compression-distraction-fixation device
Experience with Ikuta's phalangeal compression-distraction-fixation device (Kanaujia et al). 1988;13A:515-21
Immunohistochemistry
Histogenesis of Dupuytren's disease: an immunohistochemical study of 30 cases (Shum and McFarlane). 1988;13A:61-7
Implants, artificial
Active tendon implants in flexor tendon reconstruction (Hunter et al). 1988;13A:849-59
Axillary lymphadenopathy 17 years after digital silicone implants: study with x-ray microanalysis (Paplanus and Payne). 1988;13A:399-400
Silicone wrist implant: long-term follow-up study (Comstock et al). 1988;13A:201-5
Infant, newborn, abnormalities; *see also* **Hand deformities, congenital**
Infarction of the upper limbs associated with oligohydramnios and intrauterine compression (Johnson et al). 1988;13A:408-10
Infection
Hand infections in patients with acquired immunodeficiency syndrome (Glickel). 1988;13A:770-5
A protocol for the treatment of severe infections of the hand (Spiegel and Szabo). 1988;13A:254-9
Injections
Ischemic injury of the hand from intra-arterial propylhexedrine injection (Covey et al). 1988;13A:58-61
The triple-injection wrist arthrogram (Zinberg et al). 1988;13A:803-9
Injuries
Accidental hand burns caused by operating room lights (Rao and Dibbell). 1988;13A:50-2
Arthrodesis of the proximal interphalangeal joint by solid bone grafting and plate fixation in extensive injuries to the dorsal

Injuries—cont'd
aspect of the finger (Büchler and Aiken). 1988;13A:589-94
Emergency free flaps to the upper extremity (Lister and Scheker). 1988;13A:22-8
The fascial radial flap (Reyes and Burkhalter). 1988;13A:432-7
Flashbacks after traumatic hand injuries: prognostic indicators (Grunert et al). 1988;13A:125-7
Hydrofluoric acid burns of the hand: mechanism of injury and treatment (Anderson and Anderson). 1988;13A:52-7
Injury to collateral ligament of the metacarpophalangeal joint of a finger (Ishizuki). 1988;13A:444-8
Interpositional vein grafts to restore the superficial palmar arch in severe devascularizing injuries of the hand (Greenberg et al). 1988;13A:753-7
Ischemic injury of the hand from intra-arterial propylhexedrine injection (Covey et al). 1988;13A:58-61
Management of sea urchin spines in the hand (Newmeyer). 1988;13A:455-7
Mutilating corn-picker injuries of the hand (Gorsche and Wood). 1988;13A:423-8
Osteochondrosis of the fourth metacarpal head after closed trauma (Smith and Crick). 1988;13A:920-2

Injuries, drug therapy
Efficacy of perioperative cefamandole with postoperative cephalexin in the primary outpatient treatment of open wounds of the hand (Peacock et al). 1988;13A:960-4

Injuries, psychology
Flashbacks after traumatic hand injuries: prognostic indicators (Grunert et al). 1988;13A:125-7

Injuries, physiopathology
High-voltage electrical injury: acute pathophysiology (Daniel et al). 1988;13A:44-9

Injuries, radiotherapy
Ultrasonic wound debridement (Nichter and Williams). 1988;13A:142-6

Intermediate filaments
Histogenesis of Dupuytren's disease: an immunohistochemical study of 30 cases (Shum and McFarlane). 1988;13A:61-7

International Federation of Societies for Surgery of the Hand
Items—International Federation of Societies for Surgery of the Hand. 1988;13A:161-2, 322-4, 470-2, 633-4, 799-800, 971-xx

Interosseous nerve
Posterior interosseous nerve palsy caused by ganglions of the proximal radioulnar joint (McCollam et al). 1988;13A:725-8

Interphalangeal joint, abnormalities
Symphalangism in Hawaii: a study of three distinct ethnic pedigrees (Gaal et al). 1988;13A:783-7

Interphalangeal joint, injuries
Arthrodesis of the proximal interphalangeal joint by solid bone grafting and plate fixation in extensive injuries to the dorsal aspect of the finger (Büchler and Aiken). 1988;13A:589-94
Distal avulsion of the palmar plate of the interphalangeal joint of the thumb (Lineaweaver and Mathes). 1988;13A:453-5
Proximal interphalangeal joint arthrodesis with the Herbert screw (Ayres et al). 1988;13A:600-3

Irrigation
A comparison of irrigation solutions for microanastomoses (Reichel et al). 1988;13A:33-6

Ischemia
The effect of intraoperative ischemia on the recovery of contractile function after free muscle transfer (Kuzon et al). 1988;13A:263-73
Ischemic injury of the hand from intra-arterial propylhexedrine injection (Covey et al). 1988;13A:58-61
Maximum hypothermic ischemia in replants containing muscular tissue (van Alphen et al). 1988;13A:415-22

Items
Items. 1988;13A:154-62, 316-24, 464-72, 627-34, 793-800, 965-972

J

Joint diseases
Arthrodesis of digital joints in children (Kowalski and Manske). 1988;13A:874-9
Arthrodesis of small joint of the hand: a rapid and effective technique (McGlynn et al). 1988;13A:595-9

Joints, pathology
Diabetic hand syndrome (Ceruso et al). 1988;13A:765-70

Joints, transplantation
Long-term follow-up of free vascularized joint transfers to the hand in children (Singer et al). 1988;13A:776-83

K

Kinetics
Partial excision of the triangular fibrocartilage complex (Palmer et al). 1988;13A:391-4

Kirschner wires; *see* **Bone wires**

L

Leprosy
Hand deformity and sensory loss due to Hansen's disease in American Samoa (Brunel et al). 1988;13A:279-83

Letters
Chronic paronychia from multiple organisms (Rayan and Flournoy) (Letter). 1988;13A:790
Erosion of the triquetrum (Leonard) (Letter). 1988;13A:312-3
Excision of the lunate in paraplegic patient (Louw and Swanepoel) (Letter). 1988;13A:312
Extensor tendon involvement in Smith's and Faleazzi's fractures (Lichtman) (Letter); (Itoh) (Reply). 1988;13A:313
Foreign body migration in the hand (Chow and Schenck) (Letter). 1988;13A:462
Kleinert splint (Slattery) (Letter). 1988;13A:312
Scaphoid screws (Sagi) (Letter); (Shaw) (Reply). 1988;13A:461-2
Scapholunate ligament excision (Taleisnik) (Letter); (Ruby et al) (Reply). 1988;13A:790-2
Ulnar nerve entrapment (Halls) (Letter); (Nelson) (Reply). 1988;13A:461

Ligaments, anatomy
An anatomic guide for arthroscopic visualization of the wrist capsular ligaments (North and Thomas). 1988;13A:823-9

Ligaments, injuries
Injury to collateral ligament of the metacarpophalangeal joint of a finger (Ishizuki). 1988;13A:444-8

Lighting
Accidental hand burns caused by operating room lights (Rao and Dibbell). 1988;13A:50-2

Lipoma
Lipoma of the flexor digitorum superficialis causing triggering at the carpal canal and median nerve compression (Brand and Gelberman). 1988;13A:342-4

Lister's tubercle
Delayed rupture of the extensor pollicis longus tendon after nonunion of a fracture of the dorsal radial tubercle (Stahl and Wolff). 1988;13A:338-41

Lunate bone, injuries
Attritional flexor tendon ruptures by an old lunate dislocation (Johnston and Bowen). 1988;13A:701-3
Limited open reduction of the lunate facet in comminuted intra-articular fractures of the distal radius (Axelrod et al). 1988;13A:372-7
Palmar lunate dislocation with a dorsal scaphoid fracture variant (Viegas and Hoffmann). 1988;13A:440-3
Lunate bone, radiography
Diagnosis of dorsal and palmar rotation of the lunate on a frontal radiograph (Cantor and Braunstein). 1988;13A:187-93
Lymph nodes, pathology
Axillary lymphadenopathy 17 years after digital silicone implants: study with x-ray microanalysis (Paplanus and Payne). 1988;13A:399-400
Squamous cell carcinoma of the hand: fifty-five case reports (Schiavon et al). 1988;13A:401-4
Lymphoma
Primary malignant lymphoma of the deep tissues of the hand (Hung et al). 1988;13A:683-6

M

Macrodactylia
Hyperostotic macrodactyly (Schuind et al). 1988;13A:544-8
Lipofibromatous hamartoma of nerve (Amadio et al). 1988;13A:67-75
Reconstruction and pathology in macrodactyly (Pho et al). 1988;13A:78-83
Madelung deformity
Acquired Madelung-like deformity in a gymnast (Vender and Watson). 1988;13A:19-21
Mallet finger
Complications and prognosis of treatment of mallet finger (Stern and Kastrup). 1988;13A:329-34
Epidemiologic study of the mallet finger deformity (Jones and Peterson). 1988;13A:334-8
Manual communication
Functional demands and consequences of manual communication (Meals et al). 1988;13A:686-91
Mechanical analysis
Comparative mechanical analysis of a looped-suture tendon repair (Haddad et al). 1988;13A:709-13
Median nerve, analysis
Evaluation of microsurgical internal neurolysis in a primate median nerve model of chronic nerve compression (Mackinnon and Dellon). 1988;13A:345-51
The paraplegic hand: electrodiagnostic studies and clinical findings (Tun and Upton). 1988;13A:716-9
Median nerve, injuries
Carpal tunnel syndrome associated with extra tunnel vascular compression of the median nerve motor branch (Widder and Shons). 1988;13A:926-7
Entrapment neuropathy of the palmar cutaneous branch of the median nerve by the fascia of flexor digitorum superficialis (Shimizu et al). 1988;13A:581-3
Lipoma of the flexor digitorum superficialis causing triggering at the carpal canal and median nerve compression (Brand and Gelberman). 1988;13A:342-4
Multiple nerve dysfunction after carpal tunnel release (Crandall and Weeks). 1988;13A:584-9
Persistent median artery as a cause of pronator syndrome (Jones and Ming). 1988;13A:728-32
St. Clair Strange procedure: indications, technique, and long-term evaluation (Greenberg et al). 1988;13A:928-35
Median nerve, pathology
Hemangiopericytoma of the median nerve (Schiffman et al). 1988;13A:75-8
Lipofibromatous hamartoma of nerve (Amadio et al). 1988;13A:67-75
Metacarpal bones, abnormalities
Congenital absence of the fourth metacarpal bone (congenital dysplasia of the ring finger) (Miura). 1988;13A:93-6
Congenital synostosis between the fourth and fifth metacarpal bones (Miura). 1988;13A:83-8
Metacarpal bones, pathology
Osteochondrosis of the fourth metacarpal head after closed trauma (Smith and Crick). 1988;13A:920-2
Metacarpophalangeal joint, abnormalities
Dysplasia epiphysealis hemimelica at the metacarpophalangeal joint (Maylack et al). 1988;13A:916-20
Thumb metacarpophalangeal capsulodesis: an adjunct procedure to basal joint arthroplasty for collapse deformity of the first ray (Eaton and Floyd). 1988;13A:449-53
Metacarpophalangeal joint, analysis
Three-dimensional geometric analysis of the metacarpophalangeal joint (Tamai et al). 1988;13A:521-9
Metacarpophalangeal joint, injuries
Fusion of the thumb metacarpophalangeal joint to treat posttraumatic arthritis (Hagan and Hastings). 1988;13A:750-3
Injury to collateral ligament of the metacarpophalangeal joint of a finger (Ishizuki). 1988;13A:444-8
Intrinsic muscle advancement to treat chronic palmar instability of the metacarpophalangeal joint of the thumb (Posner et al). 1988;13A:110-5
Microscopy, electron, scanning
A surface ultrastructure study of ganglia and digital mucous cysts (Loder et al). 1988;13A:758-62
Microsurgery
A comparison of irrigation solutions for microanastomoses (Reichel et al). 1988;13A:33-6
Evaluation of microsurgical internal neurolysis in a primate median nerve model of chronic nerve compression (Mackinnon and Dellon). 1988;13A:345-51
Fibrin seal adhesive versus nonabsorbable microsuture in peripheral nerve repair (Moy et al). 1988;13A:273-8
Midcarpal joint
An anatomic guide for arthroscopic visualization of the wrist capsular ligaments (North and Thomas). 1988;13A:823-9
An in vitro analysis of wrist motion: the effect of limited intercarpal arthrodesis and the contributions of the radiocarpal and midcarpal joints (Gellman et al). 1983;13A:378-83
Motion
The E-flat hand (McGregor and Glover). 1988;13A:692-3
An in vitro analysis of wrist motion: the effect of limited intercarpal arthrodesis and the contributions of the radiocarpal and midcarpal joints (Gellman et al). 1988;13A:378-83
Relative motion of selected carpal bones: a kinematic analysis of the normal wrist (Ruby et al). 1988;13A:1-10
Transfer of the flexor carpi ulnaris to the radial wrist extensors in cerebral palsy (Wenner and Johnson). 1988;13A:231-3
Mouth, microbiology
Eikenella corrodens in human mouth flora (Rayan et al). 1988;13A:953-6
Movement disorders
The E-flat hand (McGregor and Glover). 1988;13A:692-3

Muscle contraction
Chronic exertional compartment syndrome of the forearm flexor muscles (Pedowitz and Toutounghi). 1988;13A:694-6
The effect of intraoperative ischemia on the recovery of contractile function after free muscle transfer (Kuzon et al). 1988;13A:263-73
Muscle spasticity
Brachioradialis to finger extensor tendon transfer to achieve hand opening in acquired spasticity (Pinzur et al). 1988;13A:549-52
Comparison of pronator tenotomy and pronator rerouting in children with spastic cerebral palsy (Strecker et al). 1988;13A:540-3
Percutaneous phenol blocks of the pectoralis major muscle to treat spastic deformities (Botte and Keenan). 1988;13A:147-9 (Technique)
Muscles, abnormalities; *see also individual muscles*
Anomalous muscles of the first dorsal compartment of the wrist (Patel and Desai). 1988;13A:829-31
Flexor tendon rupture associated with an anomalous muscle (Lillmars and Bush). 1988;13A:115-9
Symptomatic restrictive thumb-index flexor tenosynovitis: incidence of musculotendinous anomalies and results of treatment (Lombardi et al). 1988;13A:325-8
Muscles, anatomy
The brachioradialis: anatomy, properties, and value for tendon transfer in the tetraplegic (Freehafer et al). 1988;13A:99-104
Muscles, injuries
Intrinsic muscle advancement to treat chronic palmar instability of the metacarpophalangeal joint of the thumb (Posner et al). 1988;13A:110-5
Muscles, pathology
Focal myositis in the hand (Maguire et al). 1988;13A:140-2
Intrinsic muscle advancement to treat chronic palmar instability of the metacarpophalangeal joint of the thumb (Posner et al). 1988;13A:110-5
Ulnar compression neuropathy secondary to the anconeus epitrochlearis muscle (Masear et al). 1988;13A:720-4
Muscles, physiology
Intraoperative assessment of wrist extensor muscle force (Mendelson et al). 1988;13A:832-6
Muscles, physiopathology
Intrinsic muscle advancement to treat chronic palmar instability of the metacarpophalangeal joint of the thumb (Posner et al). 1988;13A:110-5
Mycobacterium tuberculosis
Tuberculous synovitis with "rice bodies" presenting as carpal tunnel syndrome (Suso et al). 1988;13A:574-6
Myofibroblasts
Prostaglandins influence myofibroblast contractility in Dupuytren's disease (Badalamente et al). 1988;13A:867-71
Myositis
Focal myositis in the hand (Maguire et al). 1988;13A:140-2

N

Nails, malformed
Free vascularized nail grafts (Koshima et al). 1988;13A:29-32
Necrosis
Extravasations of radiographic contrast material in the upper extremity (Loth and Jones). 1988;13A:395-8
Neoplasms, muscle tissue
Focal myositis in the hand (Maguire et al). 1988;13A:140-2
Intratendinous aponeurotic fibroma (Moskovich and Posner). 1988;13A:563-6
Tendon xanthoma: a physical manifestation of hyperlipidemia (Doyle). 1988;13A:238-41
Neoplasms, nervous tissue
Hemangiopericytoma of the median nerve (Schiffman et al). 1988;13A:75-8
Lipofibromatous hamartoma of nerve (Amadio et al). 1988;13A:67-75
Nerve block
Percutaneous phenol blocks of the pectoralis major muscle to treat spastic deformities (Botte and Keenan). 1988;13A:147-9 (Technique)
Nerve compression syndromes
Carpal tunnel syndrome associated with extra tunnel vascular compression of the median nerve motor branch (Widder and Shons). 1988;13A:926-7
Compression of the deep branch of the ulnar nerve at the adductor hiatus producing pain without muscle atrophy (Milek and Thompson). 1988;13A:283-6
Entrapment neuropathy of the palmar cutaneous branch of the median nerve by the fascia of flexor digitorum superficialis (Shimizu et al). 1988;13A:581-3
Evaluation of microsurgical internal neurolysis in a primate median nerve model of chronic nerve compression (Mackinnon and Dellon). 1988;13A:345-51
Lipoma of the flexor digitorum superficialis causing triggering at the carpal canal and median nerve compression (Brand and Gelberman). 1988;13A:342-4
Palmar wrist pain caused by ulnar nerve entrapment in the flexor carpi ulnaris tendon (Zook et al). 1988;13A:732-5
Persistent median artery as a cause of pronator syndrome (Jones and Ming). 1988;13A:728-32
Posterior interosseous nerve palsy caused by ganglions of the proximal radioulnar joint (McCollam et al). 1988;13A:725-8
Ulnar compression neuropathy secondary to the anconeus epitrochlearis muscle (Masear et al). 1988;13A:720-4
Nerve crush
Multiple nerve dysfunction after carpal tunnel release (Crandall and Weeks). 1988;13A:584-9
Nerve regeneration
A comparison of nerve regeneration across a sural nerve graft and a vascularized pseudosheath (Mackinnon and Dellon). 1988;13A:935-42
Nerves, analysis
The paraplegic hand: electrodiagnostic studies and clinical findings (Tun and Upton). 1988;13A:716-9
Nerves, injuries
Experimental comparison of vascularized and nonvascularized nerve grafting (Shibata et al). 1988;13A:358-65
Fibrin seal adhesive versus nonabsorbable microsuture in peripheral nerve repair (Moy et al). 1988;13A:273-8
Immediate and delayed neurorrhaphy in a rabbit model: a functional, histologic, and biochemical comparison (Bolesta et al). 1988;13A:352-7
Neural conduction
The paraplegic hand: electrodiagnostic studies and clinical findings (Tun and Upton). 1988;13A:716-9

O

Occupational injuries; *see* **Accidents, occupational**
Oligohydramnios
Infarction of the upper limbs associated with oligohydramnios and intrauterine compression (Johnson et al). 1988;13A:408-10

Operating rooms
Accidental hand burns caused by operating room lights (Rao and Dibbell). 1988;13A:50-2
Orthopedic fixation devices; *see also* **Bone screws; Bone wires**
Arthrodesis of the proximal interphalangeal joint by solid bone grafting and plate fixation in extensive injuries to the dorsal aspect of the finger (Büchler and Aiken). 1988;13A:589-94
Experience with Ikuta's phalangeal compression-distraction-fixation device (Kanaujia et al). 1988;13A:515-21
Osteochondritis
Osteochondrosis of the fourth metacarpal head after closed trauma (Smith and Crick). 1988;13A:920-2
Osteoma, osteoid
Subperiosteal osteoid osteoma of the distal phalanx of the thumb (Crosby and Murphy). 1988;13A:923-5
Osteotomy
Trapezoidal osteotomy of the distal radius for unacceptable articular angulation after Colles' fracture (Watson and Castle). 1988;13A:837-43
Overuse syndromes
Functional demands and consequences of manual communication (Meals et al). 1988;13A:686-91

P

Pain
Compression of the deep branch of the ulnar nerve at the adductor hiatus producing pain without muscle atrophy (Milek and Thompson). 1988;13A:283-6
Intercarpal arthrodesis for static and dynamic volar intercalated segment instability (Trumble et al). 1988;13A:384-90
Pain measurement
Clinical and technological evaluation of ulnar wrist pain (Taleisnik). 1988;13A:801-2 (Editorial)
Measurement of grip strength in the diagnosis of wrist pain (Czitrom and Lister). 1988;13A:16-9
Role of radionuclide imaging in the evaluation of wrist pain (Pin et al). 1988;13A:810-4
Palmar aponeurosis
Developmental anatomy of the palmar aponeurosis and its relationship to the palmaris longus tendon (Caughell et al). 1988;13A:485-93
Palmar arch
Arterial patterns in the hand based on a three-dimensional analysis of 220 cadaver hands (Ikeda et al). 1988;13A:501-9
Interpositional vein grafts to restore the superficial palmar arch in severe devascularizing injuries of the hand (Greenberg et al). 1988;13A:753-7
Palmar instability
Intrinsic muscle advancement to treat chronic palmar instability of the metacarpophalangeal joint of the thumb (Posner et al). 1988;13A:110-5
Palmaris longus tendon
Developmental anatomy of the palmar aponeurosis and its relationship to the palmaris longus tendon (Caughell et al). 1988;13A:485-93
Paraplegia
The paraplegic hand: electrodiagnostic studies and clinical findings (Tun and Upton). 1988;13A:716-9
Pectoralis muscles
Percutaneous phenol blocks of the pectoralis major muscle to treat spastic deformities (Botte and Keenan). 1988;13A:147-9 (Technique)
Pediatrics
Arthrodesis of digital joints in children (Kowalski and Manske). 1988;13A:874-9
Long-term follow-up of free vascularized joint transfers to the hand in children (Singer et al). 1988;13A:776-83
Perilunate, injuries
Irreducible trans-scaphoid perilunate dislocation (Jasmine et al). 1988;13A:212-5
Treatment of chronic perilunate dislocations (Siegert et al). 1988;13A:206-12
Periosteum, pathology
Subperiosteal osteoid osteoma of the distal phalanx of the thumb (Crosby and Murphy). 1988;13A:923-5
Peripheral nerves, injuries
Fibrin seal adhesive versus nonabsorbable microsuture in peripheral nerve repair (Moy et al). 1988;13A:273-8
Phalanx, abnormalities
Different manifestations of hyperphalangism (Wood). 1988;13A:883-7
Use of an H-graft in the treatment of a Delta phalanx (Burgess). 1988;13A:297-8 (Technique)
Phalanx, injuries
Comparative mechanical properties of various Kirschner wire configurations in transfer and oblique phalangeal fractures (Viegas et al). 1988;13A:246-53
Internal fixation of an unstable open fracture of a distal phalanx with a Herbert screw (Richards et al). 1988;13A:428-32
Phalanx, pathology
Subperiosteal osteoid osteoma of the distal phalanx of the thumb (Crosby and Murphy). 1988;13A:923-5
Phenols
Percutaneous phenol blocks of the pectoralis major muscle to treat spastic deformities (Botte and Keenan). 1988;13A:147-9 (Technique)
Phenytoin
Extravasation of phenytoin in the hand (Hagan and Hastings). 1988;13A:942-3
Physical examination
Examination of the scaphoid bone (Watson et al). 1988;13A:657-60
Physician's role
Only a good man (*or woman*) can be a great physician (Jabaley). 1988;13A:163-74 (Presidential address)
Poland syndrome
Poland's syndrome: variable expression and associated anomalies (Wilson et al). 1988;13A:880-2
Pollicization
Small finger pollicization in the radial club hand (Wood). 1988;13A:96-9
Polysyndactylia
A family with complex bilateral polysyndactyly (Nicolai and Hamel). 1988;13A:405-7
Posterior interosseous nerve
Posterior interosseous nerve palsy caused by ganglions of the proximal radioulnar joint (McCollam et al). 1988;13A:725-8
Presidential address
Presidential address. 1988;13A:163-74
Prognosis
Flashbacks after traumatic hand injuries: prognostic indicators (Grunert et al). 1988;13A:125-7
Pronation
Comparison of pronator tenotomy and pronator rerouting in children with spastic cerebral palsy (Strecker et al). 1988;13A:540-3

Pronator syndrome
Persistent median artery as a cause of pronator syndrome (Jones and Ming). 1988;13A:728-32
Propylhexedrine
Ischemic injury of the hand from intra-arterial propylhexedrine injection (Covey et al). 1988;13A:58-61
Prostaglandins
Prostaglandins influence myofibroblast contractility in Dupuytren's disease (Badalamente et al). 1988;13A:867-71
Prosthesis; *see also* **Implants, artificial**
Silicone wrist implant: long-term follow-up study (Comstock et al). 1988;13A:201-5
Proximal interphalangeal joint, abnormalities
Symphalangism in Hawaii: a study of three distinct ethnic pedigrees (Gaal et al). 1988;13A:783-7
Proximal interphalangeal joint, injuries
Arthrodesis of the proximal interphalangeal joint by solid bone grafting and plate fixation in extensive injuries to the dorsal aspect of the finger (Büchler and Aiken). 1988;13A:589-94
Proximal interphalangeal joint arthrodesis with the Herbert screw (Ayres et al). 1988;13A:600-3
Proximal phalanx; *see* **Phalanx**
Pseudoarthrosis
Congenital pseudoarthrosis of the forearm (Sellers et al). 1988;13A:89-93
Psoriasis
Psoriatic arthritis mutilans: digital distraction lengthening—pathophysiologic and current therapeutic review (Walton et al). 1988;13A:510-5
Pyoderma gangrenosum
A case study of pyoderma gangrenosum (Young et al). 1988;13A:259-62

Q

Quadriplegia
The brachioradialis: anatomy, properties, and value for tendon transfer in the tetraplegic (Freehafer et al). 1988;13A:99-104

R

Radial nerve, injuries
Multiple nerve dysfunction after carpal tunnel release (Crandall and Weeks). 1988;13A:584-9
Radiocarpal joint, anatomy
An anatomic guide for arthroscopic visualization of the wrist capsular ligaments (North and Thomas). 1988;13A:823-9
Arthrographic surface anatomy of the carpal triangular fibrocartilage complex (Hardy et al). 1988;13A:815-22
Radiocarpal joint, injuries
Limited open reduction of the lunate facet in comminuted intra-articular fractures of the distal radius (Axelrod et al). 1988;13A:372-7
Radiocarpal joint, physiology
An in vitro analysis of wrist motion: the effect of limited intercarpal arthrodesis and the contributions of the radiocarpal and midcarpal joints (Gellman et al). 1988;13A:378-83
Radiography
The carpal bones in congenital hand anomalies: a radiographic study in patients older than ten years (Imamura and Miura). 1988;13A:650-6
Diagnosis of dorsal and palmar rotation of the lunate on a frontal radiograph (Cantor and Braunstein). 1988;13A:187-93
Fracture of the dorsoulnar tubercle of the trapezium (Griffin et al). 1988;13A:622-6
Radiographic evaluation of the hook of the hamate: a new technique (Papilion et al). 1988;13A:437-9
Three-dimensional geometric analysis of the metacarpophalangeal joint (Tamai et al). 1988;13A:521-9
Radionuclide imaging
Role of radionuclide imaging in the evaluation of wrist pain (Pin et al). 1988;13A:810-4
Radiotherapy
Primary malignant lymphoma of the deep tissues of the hand (Hung et al). 1988;13A:683-6
Radioulnar joint, anatomy
Arthrographic surface anatomy of the carpal triangular fibrocartilage complex (Hardy et al). 1988;13A:815-22
Radioulnar joint, pathology
Posterior interosseous nerve palsy caused by ganglions of the proximal radioulnar joint (McCollam et al). 1988;13A:725-8
Radius, abnormalities
Acquired Madelung-like deformity in a gymnast (Vender and Watson). 1988;13A:19-21
Radius, injuries
Unusual fragment displacement in a distal radius fracture (Halbrecht and Stuchin). 1988;13A:746-9
Radius, pathology
Nonvascularized fibular autograft to treat recurrent giant cell tumor of the distal radius (Van Demark and Van Demark). 1988;13A:671-5
Radius, physiology
Relative motion of selected carpal bones: a kinematic analysis of the normal wrist (Ruby et al). 1988;13A:1-10
Radius fractures
Delayed rupture of the extensor pollicis longus tendon after nonunion of a fracture of the dorsal radial tubercle (Stahl and Wolff). 1988;13A:338-41
Limited open reduction of the lunate facet in comminuted intra-articular fractures of the distal radius (Axelrod et al). 1988;13A:372-7
Trapezoidal osteotomy of the distal radius for unacceptable articular angulation after Colles' fracture (Watson and Castle). 1988;13A:837-43
Reflex sympathetic dystrophy
Reflex sympathetic dystrophy and cigarette smoking (An et al). 1988;13A:458-60
Regeneration
A comparison of nerve regeneration across a sural nerve graft and a vascularized pseudosheath (Mackinnon and Dellon). 1988;13A:935-42
Replantation
Maximum hypothermic ischemia in replants containing muscular tissue (van Alphen et al). 1988;13A:415-22
Rotation
Acquired rotational digital deformity in children as a result of finger sucking (Rankin et al). 1988;13A:535-9
Diagnosis of dorsal and palmar rotation of the lunate on a frontal radiograph (Cantor and Braunstein). 1988;13A:187-93
Rupture
Attritional flexor tendon ruptures by an old lunate dislocation (Johnston and Bowen). 1988;13A:701-3
Delayed rupture of the extensor pollicis longus tendon after nonunion of a fracture of the dorsal radial tubercle (Stahl and Wolff). 1988;13A:338-41
Flexor tendon rupture associated with an anomalous muscle (Lillmars and Bush). 1988;13A:115-9

Flexor tendon ruptures in patients with rheumatoid arthritis (Ertel et al). 1988;13A:860-6
The intercalated tendon graft for treatment of extensor pollicis longus tendon rupture (Magnell et al). 1988;13A:105-9
Late flexor pollicis longus tendon rupture due to retained glass fragments (Jablon and Rabin). 1988;13A:713-6
Rupture of the flexor pollicis longus tendon associated with an ununited fracture of the scaphoid (Thomsen and Falstie-Jensen). 1988;13A:220-2

S

St. Clair Strange procedure
St. Clair Strange procedure: indications, technique, and long-term evaluation (Greenberg et al). 1988;13A:928-35
Saliva, microbiology
Eikenella corrodens in human mouth flora (Rayan et al). 1988;13A:953-6
Sarcoma
Therapeutic and functional results of limb salvage to treat sarcomas of the forearm and hand (Wexler et al). 1988;13A:292-6
Scaphoid bone, abnormalities
Evaluation of the humpback scaphoid by computed tomography in the longitudinal axial plane of the scaphoid (Sanders). 1988;13A:182-7
Scaphoid bone, anatomy
Examination of the scaphoid bone (Watson et al). 1988;13A:657-60
Scaphoid bone, blood supply
Internal vascularity of the scaphoid in cadavers after insertion of the Herbert screw (Botte et al). 1988;13A:216-20
Scaphoid bone, injuries
Irreducible trans-scaphoid perilunate dislocation (Jasmine et al). 1988;13A:212-5
Palmar lunate dislocation with a dorsal scaphoid fracture variant (Viegas and Hoffmann). 1988;13A:440-3
Rupture of the flexor pollicis longus tendon associated with an ununited fracture of the scaphoid (Thomsen and Falstie-Jensen). 1988;13A:220-2
Scaphoid nonunion: role of anterior interpositional bone grafts (Cooney et al). 1988;13A:635-50
Scaphoid bone, pathology
Carpal alignment after different surgical approaches to the scaphoid: a comparative study (Garcia-Elias et al). 1988;13A:604-12
Technical factors related to Herbert screw fixation (Adams et al). 1988;13A:893-9
Triscaphoid arthrodesis and its complications (Frykman et al). 1988;13A:844-8
Scleroderma, systemic
Carpal tunnel syndrome as the initial manifestation of scleroderma (Barr and Blair). 1988;13A:366-8
Screws; *see* **Bone screws**
Sea urchins
Management of sea urchin spines in the hand (Newmeyer). 1988;13A:455-7
Sensation
Hand deformity and sensory loss due to Hansen's disease in American Samoa (Brunel et al). 1988;13A:279-83
Sensory changes with prolonged double-cuff tourniquet time in hand surgery (Dreyfuss and Smith). 1988;13A:736-40
Shock, septic
Toxic shock syndrome after a human bite to the hand (Long et al). 1988;13A:957-9
Sickle cell anemia; *see* **Anemia, sickle cell**
Sign language
Functional demands and consequences of manual communication (Meals et al). 1988;13A:686-91
Silicones
Axillary lymphadenopathy 17 years after digital silicone implants: study with x-ray microanalysis (Paplanus and Payne). 1988;13A:399-400
Silicone wrist implant: long-term follow-up study (Comstock et al). 1988;13A:201-5
Skin diseases
A case study of pyoderma gangrenosum (Young et al). 1988;13A:259-62
Psoriatic arthritis mutilans: digital distraction lengthening—pathophysiologic and current therapeutic review (Walton et al). 1988;13A:510-5
Smoking
Cigarette smoking and Dupuytren's contracture of the hand (An et al). 1988;13A:872-4
Reflex sympathetic dystrophy and cigarette smoking (An et al). 1988;13A:458-60
Soft tissue neoplasms
Primary malignant lymphoma of the deep tissues of the hand (Hung et al). 1988;13A:683-6
Spasticity; *see* **Muscle spasticity**
Spine, abnormalities
Poland's syndrome: variable expression and associated anomalies (Wilson et al). 1988;13A:880-2
Sports, injuries
Fracture of the hamate hook (Bishop and Beckenbaugh). 1988;13A:135-9
Stenosing tenosynovitis; *see* **Tenosynovitis**
Substance abuse
Ischemic injury of the hand from intra-arterial propylhexedrine injection (Covey et al). 1988;13A:58-61
Supination
Comparison of pronator tenotomy and pronator rerouting in children with spastic cerebral palsy (Strecker et al). 1988;13A:540-3
Sural nerve, transplantation
A comparison of nerve regeneration across a sural nerve graft and a vascularized pseudosheath (Mackinnon and Dellon). 1988;13A:935-42
Surgical flaps; *see* **Flaps**
Surgical wound dehiscence
Coverage of a carpal tunnel wound dehiscence with the abductor digiti minimi muscle flap (Leslie and Ruby). 1988;13A:36-9
Suture techniques
Biomechanical studies of running suture for flexor tendon repair in dogs (Lin et al). 1988;13A:553-8
Comparative mechanical analysis of a looped-suture tendon repair (Haddad et al). 1988;13A:709-13
Sutures
Fibrin seal adhesive versus nonabsorbable microsuture in peripheral nerve repair (Moy et al). 1988;13A:273-8
Immediate and delayed neurorrhaphy in a rabbit model: a functional, histologic, and biochemical comparison (Bolesta et al). 1988;13A:352-7
Sympathomimetics
Ischemic injury of the hand from intra-arterial propylhexedrine injection (Covey et al). 1988;13A:58-61
Symphalangism
Symphalangism in Hawaii: a study of three distinct ethnic pedigrees (Gaal et al). 1988;13A:783-7

Syndactylia
A family with complex bilateral polysyndactyly (Nicolai and Hamel). 1988;13A:405-7
Web space reconstruction with a M-V flap (Lewis et al). 1988;13A:40-3
Synostosis
Congenital synostosis between the fourth and fifth metacarpal bones (Miura). 1988;13A:83-8
Synovitis
Tuberculous synovitis with "rice bodies" presenting as carpal tunnel syndrome (Suso et al). 1988;13A:574-6

T

Technology, radiologic
Clinical and technological evaluation of ulnar wrist pain (Taleisnik). 1988;13A:801-2 (Editorial)
Tendon injuries
Active tendon implants in flexor tendon reconstruction (Hunter et al). 1988;13A:849-59
Attritional flexor tendon ruptures by an old lunate dislocation (Johnston and Bowen). 1988;13A:701-3
Autonomous healing of chicken flexor tendons in vitro (Garner et al). 1988;13A:697-700
Biomechanical studies of running suture for flexor tendon repair in dogs (Lin et al). 1988;13A:553-8
Comparative mechanical analysis of a looped-suture tendon repair (Haddad et al). 1988;13A:709-13
Delayed rupture of the extensor pollicis longus tendon after nonunion of a fracture of the dorsal radial tubercle (Stahl and Wolff). 1988;13A:338-41
Flexor tendon rupture associated with an anomalous muscle (Lillmars and Bush). 1988;13A:115-9
Flexor tendon ruptures in patients with rheumatoid arthritis (Ertel et al). 1988;13A:860-6
Late flexor pollicis longus tendon rupture due to retained glass fragments (Jablon and Rabin). 1988;13A:713-6
Rupture of the flexor pollicis longus tendon associated with an ununited fracture of the scaphoid (Thomsen and Falstie-Jensen). 1988;13A:220-2
Staged flexor tendon reconstruction in the fingers and hand (Amadio et al). 1988;13A:559-62
Ulnar neuropathy at the wrist associated with aberrant flexor carpi ulnaris insertion (O'Hara and Stone). 1988;13A:370-2
Tendon transfer
The brachioradialis: anatomy, properties, and value for tendon transfer in the tetraplegic (Freehafer et al). 1988;13A:99-104
Brachioradialis to finger extensor tendon transfer to achieve hand opening in acquired spasticity (Pinzur et al). 1988;13A:549-52
Comparison of pronator tenotomy and pronator rerouting in children with spastic cerebral palsy (Strecker et al). 1988;13A:540-3
Delayed repair of flexor profundus tendon in the palm (zone 3) with superficialis transfer (Schneider and Wehbe). 1988;13A:227-30
The effect of intraoperative ischemia on the recovery of contractile function after free muscle transfer (Kuzon et al). 1988;13A:263-73
The extensor carpi radialis intermedius tendon (Wood). 1988;13A:242-5
Growth of autografted tendons: an experimental study in vivo (Nishijima et al). 1988;13A:234-7
The intercalated tendon graft for treatment of extensor pollicis longus tendon rupture (Magnell et al). 1988;13A:105-9
Intraoperative assessment of wrist extensor muscle force (Mendelson et al). 1988;13A:832-6
Transfer of the flexor carpi ulnaris to the radial wrist extensors in cerebral palsy (Wenner and Johnson). 1988;13A:231-3
Tendons, abnormalities; *see also individual tendons*
Symptomatic restrictive thumb-index flexor tenosynovitis: incidence of musculotendinous anomalies and results of treatment (Lombardi et al). 1988;13A:325-8
Tendons, anatomy
Anatomy of the finger flexor tendon sheath and pulley system (Doyle). 1988;13A:473-84
Developmental anatomy of the palmar aponeurosis and its relationship to the palmaris longus tendon (Caughell et al). 1988;13A:485-93
Tendons, pathology
The E-flat hand (McGregor and Glover). 1988;13A:692-3
Intratendinous aponeurotic fibroma (Moskovich and Posner). 1988;13A:563-6
Intrinsic muscle advancement to treat chronic palmar instability of the metacarpophalangeal joint of the thumb (Posner et al). 1988;13A:110-5
Long-term results after tenosynovectomy to treat the rheumatoid hand (Brown and Brown). 1988;13A:704-8
Palmar wrist pain caused by ulnar nerve entrapment in the flexor carpi ulnaris tendon (Zook et al). 1988;13A:732-5
Tenosynovectomy
Long-term results after tenosynovectomy to treat the rheumatoid hand (Brown and Brown). 1988;13A:704-8
Tenosynovitis
Bowstringing as a complication of trigger finger release (Heithoff et al). 1988;13A:567-70
Symptomatic restrictive thumb-index flexor tenosynovitis: incidence of musculotendinous anomalies and results of treatment (Lombardi et al). 1988;13A:325-8
Tenotomy
Comparison of pronator tenotomy and pronator rerouting in children with spastic cerebral palsy (Strecker et al). 1988;13A:540-3
Tetraplegia; *see* **Quadriplegia**
Thorax, abnormalities
Poland's syndrome: variable expression and associated anomalies (Wilson et al). 1988;13A:880-2
Thumb, abnormalities; *see also* **Fingers**
A family with complex bilateral polysyndactyly (Nicolai and Hamel). 1988;13A:405-7
Symptomatic restrictive thumb-index flexor tenosynovitis: incidence of musculotendinous anomalies and results of treatment (Lombardi et al). 1988;13A:325-8
Thumb, injuries
Distal avulsion of the palmar plate of the interphalangeal joint of the thumb (Lineaweaver and Mathes). 1988;13A:453-5
Fusion of the thumb metacarpophalangeal joint to treat posttraumatic arthritis (Hagan and Hastings). 1988;13A:750-3
Thumb, pathology
Fusion of the thumb metacarpophalangeal joint to treat posttraumatic arthritis (Hagan and Hastings). 1988;13A:750-3
Subperiosteal osteoid osteoma of the distal phalanx of the thumb (Crosby and Murphy). 1988;13A:923-5
Thumb metacarpophalangeal capsulodesis: an adjunct procedure to basal joint arthroplasty for collapse deformity of the first ray (Eaton and Floyd). 1988;13A:449-53
Tissue adhesives
Fibrin seal adhesive versus nonabsorbable microsuture in peripheral nerve repair (Moy et al). 1988;13A:273-8

Toe joints, transplantation
Long-term follow-up of free vascularized joint transfers to the hand in children (Singer et al). 1988;13A:776-83
Toes, transplantation
Great toe-to-hand transfer: role of the preoperative lateral arteriogram of foot (Greenberg and May). 1988;13A:411-4
Tomography
Evaluation of the humpback scaphoid by computed tomography in the longitudinal axial plane of the scaphoid (Sanders). 1988;13A:182-7
Trispiral tomography for the evaluation of wrist problems (Posner and Greenspan). 1988;13A:175-81
Tourniquets
Multiple nerve dysfunction after carpal tunnel release (Crandall and Weeks). 1988;13A:584-9
New finger cuffs for use with digital tourniquets (McEwen et al). 1988;13A:888-92
Sensory changes with prolonged double-cuff tourniquet time in hand surgery (Dreyfuss and Smith). 1988;13A:736-40
Toxic shock syndrome; *see* **Shock, septic**
Transplantation, autologous, methods
Aneurysmal bone cyst: clinicopathologic features and treatment of ten cases involving the hand (Frassica et al). 1988;13A:676-83
Arthrodesis of the proximal interphalangeal joint by solid bone grafting and plate fixation in extensive injuries to the dorsal aspect of the finger (Büchler and Aiken). 1988;13A:589-94
Coverage of a carpal tunnel wound dehiscence with the abductor digiti minimi muscle flap (Leslie and Ruby). 1988;13A:36-9
Emergency free flaps to the upper extremity (Lister and Scheker). 1988;13A:22-8
Experimental comparison of vascularized and nonvascularized nerve grafting (Shibata et al). 1988;13A:358-65
The fascial radial flap (Reyes and Burkhalter). 1988;13A:432-7
Free vascularized nail grafts (Koshima et al). 1988;13A:29-32
Great toe-to-hand transfer: role of the preoperative lateral arteriogram of foot (Greenberg and May). 1988;13A:411-4
Growth of autografted tendons: an experimental study in vivo (Nishijima et al). 1988;13A:234-7
Immediate amputation stump coverage with forearm free flaps from the same limb (Rees and de Geus). 1988;13A:287-92
The intercalated tendon graft for treatment of extensor pollicis longus tendon rupture (Magnell et al). 1988;13A:105-9
Interpositional vein grafts to restore the superficial palmar arch in severe devascularizing injuries of the hand (Greenberg et al). 1988;13A:753-7
Maximum hypothermic ischemia in replants containing muscular tissue (van Alphen et al). 1988;13A:415-22
Nonvascularized fibular autograft to treat recurrent giant cell tumor of the distal radius (Van Demark and Van Demark). 1988;13A:671-5
Scaphoid nonunion: role of anterior interpositional bone grafts (Cooney et al). 1988;13A:635-50
Staged flexor tendon reconstruction in the fingers and hand (Amadio et al). 1988;13A:559-62
Use of an H-graft in the treatment of a Delta phalanx (Burgess). 1988;13A:297-8 (Technique)
The versatile axial pattern digital transposition flap (Fleegler and Weinzweig). 1988;13A:494-500
Transplantation, autologous, rehabilitation
Carpal alignment after different surgical approaches to the scaphoid: a comparative study (Garcia-Elias et al). 1988;13A:604-12
The effect of intraoperative ischemia on the recovery of contractile function after free muscle transfer (Kuzon et al). 1988;13A:263-73
Long-term follow-up of free vascularized joint transfers to the hand in children (Singer et al). 1988;13A:776-83
Trapezoidal osteotomy of the distal radius for unacceptable articular angulation after Colles' fracture (Watson and Castle). 1988;13A:837-43
Transplantation, homologous
The extensor carpi radialis intermedius tendon (Wood). 1988;13A:242-5
Massive allograft replacement of hemiarticular traumatic defects of the elbow (Breen et al). 1988;13A:900-7
Treatment of enchondromas of the hand with allograft bone (Bauer et al). 1988;13A:908-16
Trapezium, injuries
Fracture of the dorsoulnar tubercle of the trapezium (Griffin et al). 1988;13A:622-6
Trauma; *see* **Injuries**
Trevor's disease
Dysplasia epiphysealis hemimelica at the metacarpophalangeal joint (Maylack et al). 1988;13A:916-20
Triangular fibrocartilage complex
Arthrographic surface anatomy of the carpal triangular fibrocartilage complex (Hardy et al). 1988;13A:815-22
Partial excision of the triangular fibrocartilage complex (Palmer et al). 1988;13A:391-4
Trigger finger; *see* **Tenosynovitis**
Tuberculosis
Tuberculous synovitis with "rice bodies" presenting as carpal tunnel syndrome (Suso et al). 1988;13A:574-6
Tumors; *see* **Neoplasms**

U

Ulna, injuries
Failed distal ulna resections (Bieber et al). 1988;13A:193-200
Fracture of the coronoid process of the ulna requiring reduction in extension (Tanzman and Kaufman). 1988;13A:741-2
Ulnocarpal abutment after wrist arthrodesis (Trumble et al). 1988;13A:11-5
Ulna, pathology
Failed distal ulna resections (Bieber et al). 1988;13A:193-200
Intercarpal arthrodesis for static and dynamic volar intercalated segment instability (Trumble et al). 1988;13A:384-90
Ulnocarpal abutment after wrist arthrodesis (Trumble et al). 1988;13A:11-5
Ulnar nerve, abnormalities
Variation of the deep motor branch of the ulnar nerve at the wrist (Bergfield and Aulicino). 1988;13A:368-9
Ulnar nerve, analysis
The paraplegic hand: electrodiagnostic studies and clinical findings (Tun and Upton). 1988;13A:716-9
Ulnar nerve, injuries
Compression of the deep branch of the ulnar nerve at the adductor hiatus producing pain without muscle atrophy (Milek and Thompson). 1988;13A:283-6
Late ulnar neuropathy in the brain-injured adult (Keenan et al). 1988;13A:120-4
Palmar wrist pain caused by ulnar nerve entrapment in the flexor carpi ulnaris tendon (Zook et al). 1988;13A:732-5
St. Clair Strange procedure: indications, technique, and long-term evaluation (Greenberg et al). 1988;13A:928-35
Ulnar compression neuropathy secondary to the anconeus epitrochlearis muscle (Masear et al). 1988;13A:720-4
Ulnar neuropathy at the wrist associated with aberrant flexor carpi ulnaris insertion (O'Hara and Stone). 1988;13A:370-2

Ulnar nerve, pathology
Ulnar nerve compression at the wrist (Kuschner et al). 1988;13A:577-80
Ultrasonics
Ultrasonic wound debridement (Nichter and Williams). 1988;13A:142-6
Urogenital system
Poland's syndrome: variable expression and associated anomalies (Wilson et al). 1988;13A:880-2
Urokinase
Treatment of experimental frostbite with urokinase (Zdeblick et al). 1988;13A:948-53

V

Vascular surgery
Experimental comparison of vascularized and nonvascularized nerve grafting (Shibata et al). 1988;13A:358-65
Long-term follow-up of free vascularized joint transfers to the hand in children (Singer et al). 1988;13A:776-83
Persistent median artery as a cause of pronator syndrome (Jones and Ming). 1988;13A:728-32
Veins, transplantation
Interpositional vein grafts to restore the superficial palmar arch in severe devascularizing injuries of the hand (Greenberg et al). 1988;13A:753-7

W

Western Samoa
Hand deformity and sensory loss due to Hansen's disease in American Samoa (Brunel et al). 1988;13A:279-83
Wires; *see* **Bone wires**
Wound healing
Autonomous healing of chicken flexor tendons in vitro (Garner et al). 1988;13A:697-700
Wound infection
Ultrasonic wound debridement (Nichter and Williams). 1988;13A:142-6
Wounds and injuries; *see* **Injuries**
Wrist, abnormalities
Anomalous muscles of the first dorsal compartment of the wrist (Patel and Desai). 1988;13A:829-31
Intercarpal arthrodesis for static and dynamic volar intercalated segment instability (Trumble et al). 1988;13A:384-90
Progressive subluxation of the wrist in sickle-cell disease (Sadat-Ali et al). 1988;13A:571-3
Transfer of the flexor carpi ulnaris to the radial wrist extensors in cerebral palsy (Wenner and Johnson). 1988;13A:231-3
Wrist, analysis
An in vitro analysis of wrist motion: the effect of limited intercarpal arthrodesis and the contributions of the radiocarpal and midcarpal joints (Gellman et al). 1988;13A:378-83
Relative motion of selected carpal bones: a kinematic analysis of the normal wrist (Ruby et al). 1988;13A:1-10
Wrist, anatomy
An anatomic guide for arthroscopic visualization of the wrist capsular ligaments (North and Thomas). 1988;13A:823-9
Wrist, pathology
Limited wrist fusions (Minami et al). 1988;13A:660-7
Measurement of grip strength in the diagnosis of wrist pain (Czitrom and Lister). 1988;13A:16-9
Silicone wrist implant: long-term follow-up study (Comstock et al). 1988;13A:201-5
Ulnocarpal abutment after wrist arthrodesis (Trumble et al). 1988;13A:11-5
Wrist fusion in cerebral palsy (Hoffer and Zeitzew). 1988;13A:667-70
Wrist, physiology
Silicone wrist implant: long-term follow-up study (Comstock et al). 1988;13A:201-5
Wrist, radiography
Clinical and technological evaluation of ulnar wrist pain (Taleisnik). 1988;13A:801-2 (Editorial)
The triple-injection wrist arthrogram (Zinberg et al). 1988;13A:803-9
Wrist, radionuclide imaging
Role of radionuclide imaging in the evaluation of wrist pain (Pin et al). 1988;13A:810-4
Wrist injuries
Acquired Madelung-like deformity in a gymnast (Vender and Watson). 1988;13A:19-21
Intercarpal arthrodesis for static and dynamic volar intercalated segment instability (Trumble et al). 1988;13A:384-90
Trispiral tomography for the evaluation of wrist problems (Posner and Greenspan). 1988;13A:175-81
Ulnocarpal abutment after wrist arthrodesis (Trumble et al). 1988;13A:11-5

X

Xanthoma
Tendon xanthoma: a physical manifestation of hyperlipidemia (Doyle). 1988;13A:238-41
